

SABRINA

Inspired by the 1960s vintage style, Sabrina stands out for its elegant design with great personality. A retro looking machine for a modern era.

Vintage design - Sinuous and harmonious lines, underlined by touches of light irradiating from the background, characterize the machine side panels.

Feel - Soft and dynamic features bring together the professional character and the bold but refined style of the chromed group covers.

Unique - Charming design at the service of technology, handiness and reliability for a final result offering great quality and versatility in any performance.
